BandVision \$1,000 Value Package details:

- **The Value Package** includes the recording of up to five complete songs that will be edited into a 2 to 3 minute promo video.
 - Bands up to six pieces can be accommodated.
 - 2 hours of set up and 2 hours of recording time are included.
- **Full PA, lights and stage gear provided**
 - The primary shooting location is the JamSpot in Wakefield, MA.
 - Drums and backline equipment are available through the JamSpot at no extra charge.
 - Additional video lighting is included to supplement the existing stage lighting.
 - **Recommended:** Custom backdrops and lighting designs are available for a \$200 additional fee that will create a unique look and feel for every band. (Samples below.)
- **Multi-camera video shoot**
 - Two High-Def cameras are used to capture multiple takes of each song.
 - Camera #1 is a locked down wide shot. Camera #2 is for close-ups.
 - By taking different shots during of each pass on the song, we are able to build a library of shots for editing.
- **16-track digital audio**
 - All vocals and instruments are captured into separate tracks on our quad-core PowerMac system via two M-Audio ProFire 2626 interfaces.
 - Final mix-downs are done in our studio using Logic Pro Studio software.
- **Video editing and delivery**
 - Using Final Cut Pro Studio and Adobe After Effects we will create an artful montage of your best material.
 - Your band logo and contact information will be included.
 - The final video will be delivered as a High-Def Quicktime movie, ready for uploading to all major web video portals.
 - *DVD authoring and duplication are available for an additional fee.*
 - *Full-length edits of each song are available for an additional fee*
